

Park Authority had recently been to inspect the wiring at the Parish Room so the matter of the outside light was left in abeyance.

The council supported the Longner Wood application for reversion of a static caravan for 11-month occupancy. Support was also given to Mr Killham's bid to extend the living accommodation at Fairview Farm, Newtown.

The clerk reported that Mr M. Perkin, East View Farm, Shawfield had been granted permission to carry on his agricultural vehicle repair service for a further two years but unfortunately stringent conditions had been imposed. In the likely event of an appeal being lodged it was felt that the council should support it wholeheartedly.

It was noted that the Rural Sports Evening held at Worslow on May 19<sup>th</sup> had again been highly successful.

Mr R. Bay had been approached by Mrs Mancieff, East View, Hulme End concerning the poor state of the fence between her property and the adjoining County Council yard. The clerk was asked to write to the department concerned requesting action as the ~~poor~~ fence is the property of the County Council.

There being no other business the meeting closed at 9.05 pm.
